

Code:

2641-74

Grade: V

Cleaning Code: WS

Introduction Date: 04/01/2025

Fabric Content: 96.93% UV POLYESTER 3.07% UV OLEFIN

Width: 55

Horizontal Repeat: 28.62

Vertical Repeat: 24.5

Material Description: Subtle, geometric modern design with faint brush strokes of weathered woodgrain. This soft, textured appearance is typical of chenille, which is known for its velvety surface. The color palette is neutral, primarily consisting of soft beige, taupe, and off-white tones, giving it a warm and understated look that would blend well in various interior settings.
